

Dear Patient:

Thank you for giving Bright Smiles of Beacon the opportunity to care for you and/or your family! We truly value our relationship and we strive to provide the highest quality care with a compassionate approach.

Recently we've fielded a few network-related insurance questions, because we are Out-of-Network, so we thought it would be a good time to clarify this for all of our patients. In all of our years as dental providers, we have not found an insurance company that is willing to provide our patients with the kind of care they deserve. Therefore, we have not contracted with any insurance carrier, we would like to reassure you that we are committed to helping our patients take full advantage of whatever benefits they do have, but we are not willing to compromise the care we give to our patients for any insurance company. We think our patients deserve better!

Our current patients have found that the fee difference between In-Network Providers and Bright Smiles of Beacon (Out-of-Network provider) is surprisingly small while the difference in quality is great. We have made a decision that we will never compromise our patients' treatment decisions and options because of insurance plan limits or exclusions. At any time that you have concerns, we will be happy to do a pre-determination and see what it would mean for you to have treatment completed at Bright Smiles of Beacon. Again we would like to clarify: We will submit all claims to your insurance carrier, reimbursement will be based on your Out-of-Network plan.

Thank you,

*Bright Smiles of Beacon Team*
